Re: **USA v. Agron Zenelas**

11-486 (DLI)

With respect to the above defendant, Agron Zenelas, I am requesting an adjournment of his sentence which is currently scheduled for September 30, 2013.

Mr. Zenelas is currently undergoing psychological treatment and evaluation. We require additional time to submit a proper and comprehensive report to the court in aid of his sentencing.

We are requesting at least a two month adjournment of his sentencing. Mr. Steven Tiscione, the Assistant United States Attorney has no objection to this request.

Very truly yours,
